SHEEPVENTION - Exhibitor Site Safety Plan

THE SHEEPVENTION COMMITTEE WISH TO ENSURE THAT SHEEPVENTION IS SAFE AND WITHOUT RISK TO EXHIBITORS, EMPLOYEES, VISITORS AND VOLUNTEERS.

All Exhibitors are required to conduct a Risk Assessment of their exhibit and submit the Site Safety Plan (pages 19-20) with the Application Form. A copy of this Safety Plan must be available on site at all times throughout Sheepvention.

1. The Exhibitor shall at all times exercise all necessary precautions for the safety of the public, employees and others appropriate to the nature of the exhibit site/demonstration and the conditions under which the event is conducted, and shall comply with all statutory requirements and such directions as the Administrator (or nominated persons) of Sheepvention may give from time to time.
2. Notwithstanding any directions or approvals given by the Administrator (or nominated persons) the Exhibitor shall at all times be held responsible for the safety of all persons engaged in the operation of an exhibit site / demonstration.
3. The Exhibitor shall promptly report to the Administrator (or nominated persons), all accidents involving death, personal injury, and all incidents with accident potential such as equipment, structural or infrastructure failure and the like. If requested by the Administrator (or nominated persons), a written report shall be provided in the form directed.
4. The Exhibitor shall prepare and implement a site specific Safety Management Plan. This plan will demonstrate how the Exhibitor will comply with the Occupational Health & Safety Act and associated Acts and Regulations. As a minimum the plan will detail:
 - 4.1 Safety management responsibilities within the Exhibitors organisation which details the name, positions of persons responsible for the following aspects:
 - 4.2 Keeping up to date with relevant OH&S Regulations, codes of Practices and the communicating of their relevance within the Exhibitors organisation, e.g. crane operators, forklift drivers.
 - 4.3 The identification of and evaluation of site-specific OH&S hazards.
 - 4.4 Ensuring the continued operating safety of all equipment, plant and materials used on site.
 - 4.5 Procuring training, enforcement of their use and monitoring of the condition of all related equipment.
 - 4.6 The management of on-site work methods, the warning of hazards and the implementation of accident and emergency procedures.
 - 4.7 The protection of the public on and near the site.
 - 4.8 The assessment and monitoring of sub-contractors.
 - 4.9 A mechanism for reviewing the site related hazards during the life of the Event and if necessary the development of a revised Site Safety Plan.
5. In developing the Site Safety Plan consideration should be given, but not limited to, the defining of confined spaces, adequate illumination, traffic control, machinery guards, safe access, working at heights, hazardous substances.
6. The Sheepvention Exhibitor Site Safety Plan is to be submitted to the Sheepvention Committee. If the plan, in the Administrator's (or nominated persons) opinion, does not adequately cover the requirements, then work will not be permitted to commence on site until the plan has been revised to incorporate these requirements.

SHEEPVENTION - Exhibitor Site Safety Plan

IMPORTANT NOTICE: This site safety plan must be completed AND A COPY submitted to the Sheepvention Office with application form prior to the site being permitted to operate. Failure to submit this site safety plan may result in your site not being permitted to operate.
